TIME ZONE PLANNER

SEARCH LOCATION [   ] 🔍   **ADD**

APPLICATION INFORMATION

- This tool will show time zone conversions for multiple cities to aid in international event and meeting planning.

- Search for and add cities from the location drop-down menu. This will add location pins on the map.

- Enter dates and times. When a desired date and time is selected in one city, the others will automatically update with the corresponding dates and times.

- Use the optional filter below to color times green if they fall within a checked time range, and red if not.

FILTER   **RESET**

TIME RESTRICTIONS ⌄

- ☑ General Working Hours (7AM - 6PM)
- ☑ General Non-Working Hours (6PM - 10PM)
- ☐ General Sleeping Hours (10PM - 7AM)
